Link Graph

Giving you an at-a-glance overview of the type of sites that link to your search. Link Graph shows the network around your best links.

Your Link Graph shows that there are **1069** links joining **945** domains, giving a ratio of **1.13** links for each domain.

A ratio near or a little above 1 is usually healthy.

Link Profile Charts

A good overview of the quality of the pages and domains linking to this site. The Majestic Flow Metrics (Trust Flow and Citation Flow) go hand in hand when determining a site's quality. Most healthy link profiles have a good spread of dots around the 45° axis. Strong dots along or near the Citation Flow axis can suggest some level of links being automatically generated. The strongest links appear in the top right.

How to generate a PDF Report

PDF Reports can be requested through any actions cog
across the site as well as the Site Explorer actions menu.
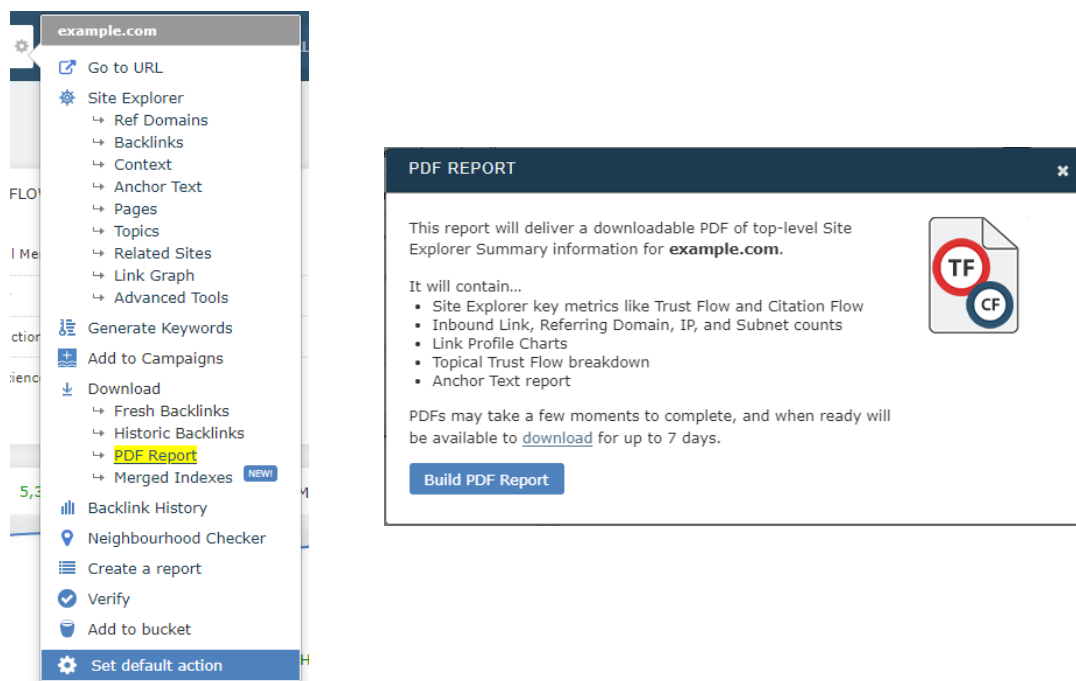

Once requested, your PDF Report will be generated and available to
view on your downloads page (you can safely close the dialog and
resume working), or it will be shown on the dialog once complete.

Majestic is a specialist search engine that provides web link intelligence information
for SEO and Digital Marketing purposes. This report provides a summary of a web
property's strength based on the quantity and quality of links to it from other
pages on the internet. A full Majestic analysis allows users to see the underlying
links, together with the ability to analyse data for every web property on the
internet - including your competitors. Use it to make your web presence stronger.
